

**Are you looking to recruit top talent?  
We can give you a competitive edge.**

Getting ahead in today's competitive business environment means having the right people in the right jobs. Our dedicated team will help you simplify your hiring process through customized, free-of-charge, recruitment services.

**Our recruitment services include:**

- Pre-screened candidates, advertised job postings and connections to new talent through our recruitment and mentoring events
- Continued support to you and the candidate during the on-boarding process
- Training incentives are available to employers who qualify
- We specialize in the following sectors: engineering, human resources, sales and marketing, supply chain, information technology and finance.
